Jason is a senior technology risk consultant at Saltmarsh, Cleaveland and Gund. He specializes in consulting highly-regulated industries such as financial institutions, healthcare organizations and the defense industrial base, providing information security assessments, vulnerability and penetration testing and other related information security compliance services. Jason has over 20 years of professional experience and has held several technology-focused leadership roles with previous organizations, including Vice President of Risk, Chief Information Officer, and Chief Operations Officer. He also has a strong operational background from past experience serving as a Bank Director, Credit Administrator, Compliance Officer and Financial Advisor.
